MAIN OBJECTIVE

An active student at AMIKOM YOGYAKARTA University majoring in Informatics. Interested in the world of technology with the ability of programming and network and the hobby of learning all the latest forms of technology. During college actively developed the project in the GitHub and was active as a practicum assistant, in order to transfer useful knowledge. Having a personality that is easy to get along with, works in a team, is thorough, and easily known. Hoping to be able to join and work as an internship employee in training soft skills and hard skills to train in the technical field to broaden my horizons in the field of technology.
